OUR JOURNEY IN ANECDOTE:

How rightly it is said that time and tide waits for none. Thirteen years have gone by just like a wink of eye; it seems as if it was only yesterday. Vivid memories surface like the recent past.

DAV IPS, Nandini family feels nostalgic to turn the pages of sweet reminiscence. It was indeed a red letter day on 8th May 2008 when the first morning assembly was conducted after M.O.U. between DAV College Managing Committee, New Delhi and Steel Education Society, Bhilai Steel Plant, Bhilai, Durg (C.G.).

Our journey started with a mere strength of 225 students and 7 teachers. Perseverance, thirst of knowledge and disciplines were always as the key factors which all brought the required success as having today. Alongside these inherent features, the practice of coordination, stepwise shaping and achieving targets became a trend and from here started a never ending progress of the Institution. The light was ignited once has been spreading still with its incessant flame.

DAV Nandini goes completely digital after the installation of Integrated Digital Interactive Classroom Boards in all classes to achieve the optimum state of educational practices. In its short journey of a decade, the school has managed to produce a great number of achievers of in the fields of Engineering, Medical, Commerce and various other professional courses. And we dream for many more to be bloomed.
