Dear Parent,

Children learn through experiences and play. There are many ways in which you can support them in gaining knowledge and understanding as well as strengthening the parent-child bond.

- 1. Include your ward with other family members while worshipping GOD every day.**
- 2. Make them learn to greet their elders using the following words/phrases:**
Namaste, Good Morning, Good night, Pranam, Thank You etc.
- 3. Story telling with their Grandparents daily to develop moral values like: -**
Respect, Honesty, Gratitude, Sharing, Caring.
Note - You are requested to share a photograph of your ward along with their Grandparents while telling stories.)
- 4. Teach table manners while taking meals like:**
Wash hands before and after meals, Use of napkin, Use of spoon, Use of Handkerchief, Take food in small pieces etc.
- 5. Help your ward to learn following Health and Hygiene rules: -**
Brush your teeth twice a day, trim your nails, take bath every day, wear clean clothes etc.
- 6. Help your ward to recognize and insist them to take care of their school belongings :-**
School bag, Water bottle, Tiffin, School Uniform etc.
- 7. Play any indoor and outdoor game with your ward every day.**

Note for Parents: - Monitor your child's progress regularly and offer assistance when needed. Reward and praise your child for their efforts and achievements to boost their motivation. Try to conduct the activities by getting yourself involved. Remember, your guidance and supports play a significant role in your child's academic success. Together, we can ensure a productive and fulfilling vacation period.
